Closure along WIS 50 at the Fox River in Kenosha County

Due to anticipated flooding, the Wisconsin Department of Transportation (WisDOT) will implement a closure this evening along WIS 50 at the Fox River in New Munster in Kenosha County. The closure is to be in place by 6 p.m. tonight and may be in effect throughout the weekend of July 14, or until water levels dissipate.

With high water levels on adjacent roadways, and active construction along WIS 142 near Burlington, it is suggested that motorists follow alternate routes along WIS 83, WIS 11 and WIS 75 to get around the closure.

As always, motorists are advised to drive with caution when traveling in impacted areas and are reminded to not drive through standing or flowing water. For up to date closures and detour information visit <https://511wi.gov> or follow @511WI on Twitter.

Mission: To provide leadership in the development and operation of a safe and efficient transportation system.
