Chequamegon-Nicolet National Forest
2016 Flood Recovery Construction Updates
August 5, 2019

Current Status	The Chequamegon-Nicolet National Forest is in full construction mode to permanently repair damages that occurred during the July 2016 storm event. Weekly updates will be shared regarding occurring construction and upcoming construction projects. Residents and area visitors can expect to see heavy truck traffic and some closures of roads when necessary. In addition, the 8 road segments that have been closed since 2016 will be repaired and hopefully reopened by this fall.

Construction Happenings – This Week – Please scroll down for map showing locations.

Forest Road 189 (Springbrook Road) –This road has been closed since 2016 and will remain closed until construction is completed.

Forest Road 194 (Snake Trail Road) – This road will remain closed until bridge construction is completed.

Forest Road 198 (Wisco/Beaver Lake Road) – Work continues on Forest Road 198. The closed portion of road will remain closed until project is completed.

Forest Road 199 (Ashland Bayfield/County Line Road) – The existing closed portion of Forest Road 199 will remained closed until all work is completed.

Forest Road 371 (Deer Lick Lake Road) - The road will remain closed until work is completed.

Forest Road 376 (Otto Olson Road) – Contractors are replacing a culvert on Forest Road 376. The road will remain closed until work is completed.

Forest Road 377 (Camp 8 Road) – Forest Road 377 is closed at bridge site. Site will remain closed until bridge work is completed.

Forest Road 378 (Wisco/Marengo Road) – Contractors continue to work on the closed portion of Forest Road 378. Road will remained closed until work is completed.

Trail 63 (Drummond Connector Trail) – Contractors are working on repairs to Trail 63. A reroute is in place. Please adhere to all reroute signs. Trail will remained closed until work is complete.

North County Trail – Contractors are working on bridge replacements on the section of trail located approximately 0.5 miles north of English Lake. Contractors are also working on several trail sections west of the English Lake location.

Construction Happenings – Upcoming – Please scroll down for map showing locations. Contractors anticipate beginning work within the next two weeks on the following roads: • Forest Road 344	
Closures	The closure order will remain in place until the permanent repairs are complete. Attachment A of the closure order will be updated as roads are permanently repaired and reopened for travel. For more information about which roads are closed please visit https://www.fs.usda.gov/detail/cnnf/home/?cid=fseprd593703.
Safety Concerns and/or Advisories	Travelers may encounter detours, delays and longer travel time in the flood impacts areas where construction is underway. Everyone is reminded to obey all signs and to slow down in the flood area. There will be a lot of construction workers, equipment and large trucks on roads in the area and we want everyone to be safe.
