

Are You Ready Wisconsin?

During a typical Wisconsin winter there are 17,000 vehicle accidents due to severe weather conditions. An average of 75 people are killed and 7,000 injured.

- Have you winterized your car?
- Do you have a winter car emergency supply kit?
- Will your children be dressed warmly enough if the unexpected happens?
- In the event of an ice storm, do you have enough supplies in your home to manage 3 days without utilities?
- Do you have a weather radio to let you know the minute conditions become hazardous?
- Do you know what to do if you get stranded in your vehicle during severe winter conditions?
- Do you know the signs of frostbite and hypothermia and what to do if they occur?

**Don't become a statistic.
Be prepared. Be safe.**
